

**UNITING FOR CONSENSUS IS WORKING FOR**

**A UN SECURITY COUNCIL FOR ALL**

**A REFORM BENEFICIAL TO**

**THE ENTIRE MEMBERSHIP**

**A REFORM THAT LEAVES NO ONE BEHIND**

**#UNSCFORALL**

*As new and ever-evolving drivers of conflict and challenges threaten our peace and security, the UN is called to become more effective, inclusive and fit for purpose.*

*We need a more representative, democratic, accountable, transparent and effective UNSC: one that can take timely decisions on international peace and security.*

*A UNSC comprehensive reform in the interest of all Member States and of the United Nations as a whole.*

***The UfC model is the most detailed and pragmatic on the table:***

*A Security Council consisting of 26 members, with an increase only in non-permanent seats: 9 new longer-term seats, with the possibility of immediate re-election, and 2 additional two-years seats.*

***It benefits everyone:***

*It ensures an enhanced regional representation and establishes a fairer and inclusive rotation system. Under UfC proposal, all Member States gain better access to the Security Council.*

***It strengthens accountability and transparency:***

*Elections of Security Council's members means that they are held accountable to the entire UN membership. For this reason, UfC model rejects the creation of new permanent seats.*

***It combines increased legitimacy with efficiency:***

*Broadening the privileges of a few would not serve the cause of a more democratic and legitimate Security Council. The UfC model aims at limiting the use of the veto including, but not only, in case of mass atrocities and stall in the Council.*
